

Bench- / floor scale

series BSJ

The entirely stainless steel construction of model BSJ and the watertight encapsulated loadcell make the BSJ especially suitable for application in wet rooms and use in meat- and fish retail / wholesale and industry.

Properties

- excellent price- / quality linking
- version CE verified (application for legal trade)
- capacities available from 3 up to 300 kg
- weighing platform 200 x 200 mm, 300 x 300 mm, 300 x 400mm, 400 x 400 mm, 400 x 500 mm, 400 x 600 mm, 500 x 500 mm, 600 x 600 mm, 600 x 800 mm or 800 x 800 mm
- **watertight version**; according to protection class **IP67**
- weight indicator, model ISC-V in stainless steel housing, on stainless steel pole; also separately available
- clearly readable LCD-display, 255 mm character height
- simple, water protected keypad with 5 function keys: zero, tare (manual, automatic or preset), printing, on/off and a free programmable function key
- functions: full range tare, high resolution displaying (10x more accurate) net/gross weight or lb/kg, accumulate, formular weighing, check weighing, percentage weighing, counting function, in/out truck weighing, hold- and peak function
- supplied with 1x RS232/C / RS485 interface for connection to PC / PLC etc. and 1x RS232/C interface for connection to printer
- inclusive IR-input for optional remote control
- power: 230 V (solid mains cord)

Options i.a.

- dual range division
- infrared remote control
- real-time clock module (date/time)
- USB interface (instead of standard RS-232 interface)
- WiFi-interface through acces point (WiFi IEEE 802.11b)
- Bluetooth-interface (2.0 +EDR)
- alibi memory incl. date/time for max. 120.000 weighings
- ethernet-interface
- external thermal ticketprinter/labelprinter
- connection cable from RS-232 to PC/printer
- software for Windows PC
